

CNE-CMS10B

Wired Mouse With a Smooth Sliding Effect M-10

Canyon's premium wired M-10 mouse is designed to work optimally with any computer or laptop. Its main feature is a low-friction base coating that allows the mouse to glide smoothly on any table, rug or other working surface. The precise optical sensor and robust construction ensure comfortable and stable work, while the symmetrical design and low weight make it easy to operate in either hand for a long time. The perfect companion for daily use.
